If they choose, they may sponsor other Distributors to work under their supervision. No stocking of inventory is required since most product is shipped directly to the purchaser

MEMBER/LEADER DISTRIBUTOR COMPENSATION

Three (3) ways for a Distributor to earn money

A. INDEPENDENT MEMBER DISTRIBUTOR

As a Member Distributors, may sell to retail establishments such as vitamin and health food stores, doctors and other health service professionals. The Distributor receives the lowest wholesale price on the specific Tower product purchased. Such establishments may purchase at wholesale prices without purchasing a Distributorship or subscribing to the autoship program as required of Independent Distributors. The product will be shipped to the Retailer by International Sunrise, and the Member Distributor will earn the difference between wholesale and the retail price at which the product is sold to

B. PERSONAL SALES

By selling directly to non-retailer customers, a Member Distributor earns the difference between the wholesale and retail price. For example, the wholesale price per [I-900 Water Ionizer](#) is \$2,495.00 while the retail price is \$2,695.00. Since the Product is automatically shipped by the company directly to the end consumer each month (Autoship) and paid for using the Customer's credit card, the Member Distributor's earning for each Customer is automatically repeated monthly. Commissions are not paid to Member Distributors earning mark-up profit on retail sales or sales to themselves but can be earned on sales made to and by additional Member Distributors sponsored by them.

C. GROUP SALES

Member Distributors may expand their businesses by sponsoring other Member Distributors to work under their supervision and receive the Commissions paid by International Sunrise sold to and by the new Member Distributors and their Downline groups
