

*"In multilevel marketing, all customers are potential distributors, and each level of distributor gets commission from the sales of the six down levels including their sales. This is a Multilevel marketing network company. It has sales in the tens of billions annually which some day if you join us we could potentially reach those kinds of sales. We are a legal network marketing company because we sell product; the difference with an illegal pyramid scheme company is money is earned by recruiting new members rather than by selling products." - Ray Hammersley*

**International Sunrise Enterprise, Inc. Marketing Plan** is definitely the way to go for people aspiring to earn more than just enough to get by on.
